

**Message:** Track Bulletin 2001 - 3  
**From:** Delaware Valley Chapter, BMW CCA, Inc.  
Lou Millinghausen, Driving Events Chairman  
**Re:** Event Schedule & Registration Procedures

If you have attended a BMW Club Driver School in the past few years, I am sure that you are aware how popular these events have become. There is always a wait list and the simple fact is that not everybody gets in. There are only a limited number of spaces available based upon the size of the track for safety reasons and/or the number of Instructors that we are able to recruit for the event.

In an effort to be fair to all of the students who wish to participate in our events, it has become necessary to establish certain registration procedures for Driver Schools. This Track Bulletin is intended to make you aware of the following in this regard.

- We will take all properly completed, first day postmarked applications and randomly select from the pile. **No metered mail and no express mail or Fedex.**
- We fill each run group with students of appropriate skill level.
- If any run group does not fill with first day applicants, we will review second day applications, and so on and so forth.
- All remaining applications will be placed on a wait list and you will be so notified.
- There will be a separate wait list for each run group based upon the student skill level.
- If your application is rejected due to any irregularity, you will be notified and your registration will be placed at the end of the wait list for the run group of your skill level.
- If for any reason, your registration is not accepted, we will destroy your check, it will not be returned to you. If we have deposited your check, we will attempt to mail a refund check to you within 60 days following the date of the event.
- If your check is returned for insufficient funds or any similar problem, it will re-deposited once. If the check does not clear after being re-deposited, your registration will be rejected. If this happens, do not re-apply to attend one of our events for the balance of the calendar year plus one additional calendar year. You will be responsible for any and all bank charges.
- Cancellations will be allowed only if your space can be filled with another student and you will be charged a \$25.00 handling fee. No cancellation will be granted later than two weeks prior to the date of the event. All cancellations must be communicated through the registrar.
- These rules are subject to change without notification.

All applications must be submitted with the appropriate registration fee, however, in an effort to minimize the administrative costs of our events and correspondingly keep registration fees at affordable levels, your cooperation is appreciated to facilitate our use of email and fax to communicate information.

Thank you in advance for your cooperation.
